

To Chef Francesco Valentini,

Once again, you have surpassed our expectations. We already have requests from our guests to include them in next year's Valentine's Day celebration! All were truly impressed with your style, delicious food and excellent service.

We look forward to our next dining experience with you and will continue to refer you to friends, family and business associates.

Thank you for making our event a truly memorable and magical one.

With Much Aloha,

Larry & Dianne

Your commitment to professionalism is in a class all by itself. Your culinary talent is not only imaginative but aesthetically presented. The best part being that one could experience fine dining in the comfort of their own home! You are truly the best kept secret on Oahu and we will most certainly use your services for years to come. I have included several photos from our Valentine's celebration as a memento.
